WEBSITE AUDIT REPORT

Discover what you need to optimize your website and improve your ranking on all search engines.

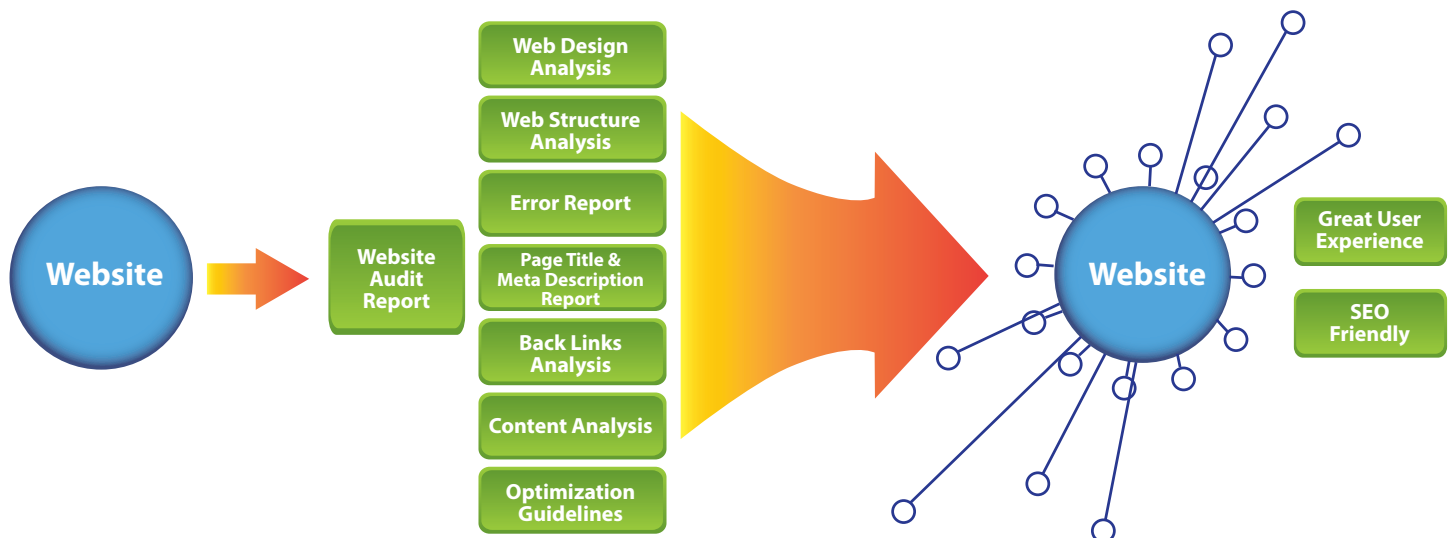

- *Enhance User Experience - Is your site Mobile Friendly?*
- *Elevate Your Branding*
- *Improve SERP Ranking*
- *Identify Website Structure Issues and Errors*
- *Help Customers Find You*

A thorough analysis of your website is the key to a successful and strong marketing campaign. Addressing and fixing any issues with your website increases your search engine ranking, drives traffic to your site, and generates more sales leads.

Brand Abound's Website Audit Report provides you with the information necessary to customize a marketing campaign that maximizes your on-line marketing and SEO efforts.

Our 120-Point Website Audit Report Addresses:

- Mobile device compatibility
- The efficiency of your key words and search phrases in reference to where you rank on the search engines
- Duplicate and non-relevant content that may be affecting your search ranking
- Crawling and indexing errors
- Broken links and error pages
- Back links and lack of them
- Website structure issues
- Design platform, navigation, and calls to action
